[fairlawn@explornet.com](mailto:fairlawn@explornet.com)

It is impossible to state that any given dog will be completely free of genetic imperfection. We will only breed dogs that are certified to have normal hips that show no sign of **HIP DYSPLASIA** as evaluated by the Orthopedic Foundation for Animals Inc. (O.F.A.) We also require all dogs in our breeding program to have an eye exam by a certified ophthalmologist showing they are free of inherited eye problems. Breeding is commenced when we are satisfied that the dogs are sound. Following these standards means cutting down the odds of producing defective pups. Guarantee is then offered providing the buyer complies with our term of this agreement.

Our guarantee covers the following inherited conditions:

We guarantee this dog to have normal hips (that show no sign of Hip Dysplasia) as evaluated by the O.F.A. Inc. (other than an injury). Hips must be x-rayed between 24 months and 30 months of age. We also guarantee this dog's eyes to be free of Retinal Dysplasia. The eyes must be checked by a certified ophthalmologist before 30 months of age.

If there is a problem, the following must be done:

- 1) A copy of the finding from O.F.A. and/or a copy of the findings from there certified Ophthalmologist must be sent to us for our records.
- 2) **THE DOG MUST NOT HAVE BEEN BRED.**
- 3) **FAIRLAWN** must appear on the C.K.C. registration papers.
- 4) Guarantee is **VOID** if dog has been sold to another buyer.

At this point, when we are satisfied that a problem does exist, and all the conditions above have been met, we will replace this dog with a pup of equal value when available. Buyer agrees to return the dog or provide proof of euthanasia to the seller. Transportation expenses will be assumed by the buyer. If said dog is to be retained by the buyer, the seller will refund half of the purchase price with proof of spaying or neutering.

This guarantee applies only to the original buyer of this dog.
